ENRICHING PEOPLE

## COMPANY PROFILE

# SYSCORP AT A GLANCE

SYSCORP INTEGRATED INFRA INFUSION PRIVATE LIMITED, is most trusted infrastructure and interior firm, partnering with clients to solve the most complex challenges and build legacies for generations to come.

At SYSCORP III Pvt Ltd., we believe infrastructure creates opportunities for everyone - uplifting communities, improving access and sustaining our planet. We are committed to managing our business with the outmost responsibility and to always strive for better - be the reducing emission, Creating social value or diversifying our senior leadership and workforce.

We are listening to clients and communities we serve to improve lives and livelihoods. Thinking without limits is what keeps us at the vanguard. Ideas have no borders and this ethos is embedded in our culture. The full scope of our expertise is available to anyone who needs it, wherever they are based.

We are trusted advisers - Planners, designers, engineers and construction executors - delivering professional services spanning cities, transportation, construction & buildings, piping, electrical, IT, water, interior and painting. Working through out the project lifecycle, we are one team driven by a common purpose to deliver a better world.
